[Docket No. CP96-564-000]

National Fuel Gas Supply Corporation; Notice of Application

June 13, 1996.

Take notice that on June 10, 1996, National Fuel Gas Supply Corporation (National Fuel), 10 Lafayette Square, Buffalo, New York 14203, filed in Docket No. CP96-564-000, an application pursuant to Sections 7(c) and 7(b) of the Natural Gas Act and Part 157 of the Commission's Regulations (18 CFR 157), for a certificate of public convenience and necessity authorizing the replacement of a portion of an existing pipeline and permission and approval to abandon certain facilities, all as more fully set forth in the request which is on file with the Commission and open to public inspection.

National fuel proposes to replace and relocate a portion of its existing Line K, in Erie County, New York, with 877 feet of 20-inch coated steel line. In its application, National Fuel states that concerns about leaks and residential development that has encroached upon the pipeline right-of-way necessitates the relocation and replacement of Line K. National Fuel estimates the cost of the project to be \$360,000.

In connection with this replacement project, National Fuel proposes to abandon approximately 454 feet of the existing pipeline. National Fuel explains that 147 feet of pipe will be removed with an additional 307 feet of pipe being abandoned in place. National Fuel states that removal of these facilities will not affect service to existing markets. National Fuel estimates the cost of abandoning the line to be \$1,000.

National Fuel requests that the Commission issue an order on or before September 1, 1996, so that construction may be completed by the beginning of the winter heating season. National Fuel states that the facilities will be financed with internally-generated funds and/or interim short-term bank loans.

Any person desiring to be heard or to make any protest with reference to said application should on or before July 5, 1996, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules
